Church Planting Workshop (CPW): Available for HPBC churches that need assistance for new church plant or guidance in how to start a new congregation. The workshop helps churches understand the context and learn how to start a new congregation. The workshop would be customized as needed and the duration would be flexible. Please contact Steven at steven@hpbaptist.net.

Church Planting Team: Composed of 4 staff people, including myself: the director of church planting, Sean and Brian: the church planting catalyst, and Dawn: the assistant to the church planting office. We are always ready to serve the church planting ministries of the HPBC local churches. Please contact the church planting office at 808-356-8330 or <mailto:skang@namb.net> if any assistance is needed.

Church Planter Assessment: HPBC Church Planting Office has customized the NAMB's assessment tool. We have been using it in search of qualified church planters. The purpose of this assessment is to find a capable church planter who is able to be fruitful in ministry in the Hawaii/Pacific. We mentor the planters to discover their potential and to go alongside with their people. We help the church planter multiply multiplying churches.

Church Planting Strategy Development: We help local churches involved in church planting by conducting community surveys to develop their strategy for a fruitful ministry. We are currently assisting the Honolulu Chinese Church's English department with the process to become a church.

Coaching for Strategic Planning: We offer the coaching for new church plants. It has four components: 1) The biblical church; 2) The local community profile; 3) the multiplying church profile; 3) the strategic planning. Each unit has a 4 hours session. We have served Hawaii Chinese Baptist Church's English ministry team for a new church plant and assisted with this coaching session on Saturday, Nov. 19 and Dec. 8, 2016. Contact the church planting office, as you need further information.

Partnership Opportunity: HPBC local church partnerships for church planting are always welcome. Our church planters and new church plants need support such as prayer, ministerial care, encouragement, mentoring, coaching, giving, etc. They also need short-term or long-term volunteers, leaders, mentors, and encouragement. Please contact us if you are interested in partnership opportunities. We will share church planter's stories and help you get connected.

Church Planting Internship: The church planting office supports the churches that operates church planting internship program. We have assisted churches that includes Ohana Church and the Voyage during the last four months from September through December 2016. Those churches have trained the church-planting interns that include Jedidiah Rush and Chase Kauhane. Churches interested in internship-program may contact the church planting office for guidance and assistance.

Connect of HPBC Church Planters: The Missions in Hawaii Pacific conference was held on Friday and Saturday, September 30 to October 1, 2016. The speaker was Keith Weiser, lead pastor at Resonate Church in Pullman, WA, and the church planting catalyst for Northwest Baptist Convention. The session covered practical church planting ministry activities. It was helpful for 42 participants representing 19 church plants from the neighbor islands, Am Samoa and Guam. Those participants were church planters, their church planting teams, sponsoring church leaders and mission leaders of the established churches.

Initial Assessment of the Prospective Church Planter: Pray for Mr. Jay Haynes, a prospective church planter who is living in Alabama. He served for Oahu BCM years ago, as a former summer missionary. He continues to pray for an opportunity to serve on Maui in Hawaii, as a church planter. He needs local church connections for sponsorship. He also needs spiritual and financial support for his church-planting ministry and his family. Please contact our team if your church is interested in helping him.
