Aloha,

As the information about the restructuring of the Hawaii Pacific Baptist Convention team and the seven HPBC Associations continues, we are providing these preliminary documents for you to help understand the discussions.

This information is not provided as a final plan, but as a set of working documents, providing us a platform to dialogue about the realignment of the HPBC/Association relationship and some of the talking points. Please feel free to view these as 'conversation starters' that we can use to further develop a better Kingdom plan together.

As we pray, discuss and plan together, I am confident that God will reveal His will for us. I am always excited about the cooperative work that God has given us and your HPBC staff team exists to serve your ministry. Please feel free to provide your thoughts, feedback, or ideas with us as we seek for God's design together.

Mahalo for your partnership in the work of God's Kingdom!

A handwritten signature in black ink that reads "Christopher Martin". The signature is written in a cursive, flowing style.

Christopher Martin
