

## John and Lois Wang

Argentina

Today we are going to pray for two of our missionaries who probably will affect the future of Argentina.

Our church supports them through our Cooperative Program giving, even in Argentina, which is on the bottom tip of South America.

John and Lois Wang are reaching university students for Christ at two major universities in Buenos Aires.

Normally the Wangs would have become campus ministers. But the big schools in Argentina don't allow outsiders to have access to students.

So John and Lois became professors! John teaches engineering at one school and Lois teaches Korean at another. That way they can talk freely to students.

Still, it is a slow process because most students resist talk about Jesus. But John dreams of lining up whole networks of churches to start reaching out to students and providing Bible studies.

That network got started in 2019 with three churches. John and Lois are training the church leaders.

Let's pray for John and Lois and ask that God help thousands of university students come to faith in Christ.

Let's pray that later those believers will turn the entire nation of Argentina towards Christ!
